Important information:

- Front and back side are printed in one run. The sachets will be folded and filled after the printing process so:
- Each same colour printed on both sides counts as only one colour
- Surface can be 100% covered with background colour, silver and gold printing possible
- Ingredients and distributor name are mandatory. We will do this for you after your input.
- Please supply artwork as vectorised eps with full pantone numbers. All texts converted to paths
- For CMYK process printing please supply artwork as Photoshop (>300dpi) or Illustrator file
